The opportunity has come for me to publicly and proudly announce that my wife has given birth to our second daughter. The blessed event took place on Feb. 4th at Doctors Hospital. The new girl weighed 6 lbs. and 7-1/2 oz. and was 19" long. She hasn't learned to talk to let us know her name so we call her Sandra Ann. My wife and I had a nice name selected for a boy but Mother Nature had a different idea. Mother and daughter are both doing fine.

The Food Drive Talent Show is getting a good turnout. There's still time to enter any talent young or old into the show. It will be held at the Azteca Hall located at 24th and San Antonio on March 5th. On March 7th the Food Drive will hold its dance at the I. E. S. Hall and will feature 4 bands from 2 till 10 P.M. Canned goods or a monetary donation will be enough to let you enjoy the music of the following bands:

Kiko Morales
Andy Flores
Pete Reyes
The Pepes

As usual you will find a variety of cool refreshments. Be there!

Club Riviera won its first basketball game of this season against the once mighty Club San Felipe team. The final score was 39-27. Unfortunately our winning streak ended there. Perhaps we could compare notes with the S. F. Warriors and see what we are doing wrong. On Feb. 14th we lost to El Dorado by a considerable margin. The El Dorado club has had a terrific team by going undefeated and taking the first half championship. They have had great team effort as shown by Jim Belong who was high point man with 29 points and Tony Castillo with 14.

In other games Los Toros won over San Felipe by a score of 57-49. Mario Ragosa sunk in 15 points for the winners. Eddie Morales and Gil Lemos contributed 13 apiece in the hard fought game that went into overtime. Club San Joaquin won out over Club Bachelors with great teamwork. Frank Murguia hit for 19 and Mario Ragosa for 18 for the winners. J. Konrad and M. Gonzales had 15 and 14 respectively for the Bachelors.

ULAC is glad to see an interested response in a considerably new club called Amigos Anonymous. It is an organization formed by students at Santa Clara University. They are working in conjunction with students from San Jose State and also from California University in Berkeley. The program consists of going into Mexico and helping one of the many unfortunate communities with worthwhile projects. Anyone interested in their program can attend their meetings which are held on the Santa Clara or San Jose campus. They are held on Sundays at 2:00 P.M. It is a very worthwhile organization and their personnel is terrific.

Belated birthday greetings to Tony Trillo for his birthday on Feb. 12th. Many happy returns. Riviera also wishes countless years of health and happiness to Mr. and Mrs. Dave Esparza in their new home.

Birthday wishes are in order for Mrs. Vivian Ramirez on Feb. 26. How many years does that make over 21 now. Vivian?

MARCE MORA

First of all, I would like to thank all of you girls from Club Zanzaree for electing me as your president. I feel honored to accept this post and will do my best in all my duties. My best wishes go to outgoing president Maida Herrera and other officers who did a magnificent job, and I feel that all new officers will do their best.

In my coming issues each girl of Club Zanzaree will be introduced to the readers.

Officers for this coming year are as follows:

President Marce Mora
Vice President Beccy Sandoval
Secretary Irene Maldonado
Treasurer Ninga Carrizales

THE LATEST

Ninfa and Richard seen frequently together, very nice couple. Jess and Beccy going together again? Hmm, this off and on, could mean a step to the altar.

Whose that certain lady at the Food Drive who always wants to be in the pictures and now on TV -- Elidia???

I've been wondering what happened to Gil Solarez, sure miss him.

There seems to be battles everywheres even here in San Jose. There's a certain girl who calims she's been receiving calls from a certain someone stationed in Sacramento, wonder which girl is going to win?

As for the Food Drive, we really miss people like Gil Solarez, Rudy Belluomini, Rachel Andres, Mary Fierros and others. They were really good workers. We still count with people like Lena Manriquez, Mr. and Mrs. Gomez, Ray Villegas, Candy Veliz, Club San Joaquin and Club Riviera and others, which have been with this drive for many years and are still going pretty strong. But we still need all the help we can get, so won't you come to the meetings on Mondays at 8:00 and give us a hand, it's a good cause.

In this photo you will notice Mrs. Enriquetta Lorigo, delighting the public with a beautiful song. She sang in the famous CLUB SINALOA in Morgan Hill, which is operated and owned by Mr. Adolpho Peña. If you ever want to eat some delicious food, try Mrs. Peña's food, at the same place. For your dancing pleasure listen to the Cinco Ases on Saturdays and Sundays nights. Mr. Peña always has surprises for everyone and you will really have a good time there. It's open every day, except on Tuesdays, and live music only on weekends. He has a program on radio from **4-5 P.M.**

The following picture is of Miss Beccy Sandoval, elected Vice President of Club Zanzaree. Miss Sandoval attends San Jose High School. She is a senior. She was born in the state of Colorado, (Brighton). She enjoys helping people and likes to participate in any interesting activities. Miss Sandoval was also elected Princess of Los Charros de San Jose last year. She charms everyone with her quiet-like personality. She also is Vice President of KPER Radio Hostess, sponsored by Mrs. Lorigo from Mayo Bridals.

See you next time with some more events!

THE POLITICAL ● SCENE

William T. Ellis

AMERICAN DEMOCRACY IN ACTION

It is a gratifying experience to become acquianted with those who are fulfilling the American principle of national duty, making ours truly a government of the people. The first one and one half months of 1965 have brought forth personalities and activities in the political scene which in many instances bear heavy under controversy but which in their greater significance bear forth the participation of people within our community.

This year seems destined to a place in the archives as the year of greatest advancement of the individual.

Two well known leaders of service organizations in San Jose have added their talents and abilities to the betterment of the Human Relations board. They are Robert Rodriguez and Al Pinon. Former Chairman of the Santa Clara GI Forum Monty Amador has been appointed an associate to the Santa Clara County Republican Central Committee. Political activity is being urged by attorney Fred Lucero regarding SB 360 and SB 361. These bills concern the provisions for payment of relocation expenses for persons displaced by freeway construction. Be sure to include the bill number, (follow with the name of Senator Collier and indicate that this bill is on the Senate floor. This will facilitate the handling of your letters of support. The Mexican American Republican Association will have held its first scholarship benefit program in Gilroy by the printing of this article. This event in addition to the obvious merit of educational advancement continues the even greater merits of the growth of a two party system within the Mexican American community. It is this status of political affiliation in accord with the diversification of needs and interests that truly matriculates the individual into our representative system of government.

Hank Paramo has left his flying for the birds and has now come up with a 'Bomb' - his new $6,200 SK Boat, custom built by Byers of L. A. and powered by a 650 HP supercharged Chrysler power-packed V8 engine with 8-barrel carburetion. It will be entered for competition at all the boat races this year. Hank's boat is entered in 5 races at the Modesto Drag races on Feb. 21. His co-pilot will be yours truly. We will be out to break the record. In time trials it was doing 9.09 MPH coming close to the worlds record which is 102 MPH. Hank claims that he has more horsepower and can beat Alaska racing by water and Alaska by land in his new Bonneville convertible backwards.....

From Mailbag: Letter from Hollywood

Gilbert:

Although you are too proud to answer my letter I'm not like you. You don't have to play hard to get with me, I'm no girl you know. I used to be a buddy of yours or don't you remember? Oh, I understand, I heard from the Mexican Mafia that you are in love again. Good show, good show.....

Get in touch with Andy Diaz at 351 N. 16th Street. I want a picture of you, him, Pat Vasquez and Richard Diaz for our next issue. OK?

Give my love to your sister Helen and floks for me, maybe they still remember their adopted son, little me.

Am coming in for the Food Drive Dance Weekend for a few days. Tu camarada,

Rudy Belluomini --

Dear Rudy:

Don't bother coming back to San Jose till the cannery season is over. All of your girlfriends have boy friends now except Rachel or is it Rouchell or Kelly. I really don't think the United Food Committee is anxious to have you around at the meeting bugging them with your stupid schemes on how to raise money without having to lift a finger. Please stay there, Rudy, the nightclubs are OK since we no longer have you hogging the dance floor. Well, Rudy, I'll see you at the United Food Drive Dance, March 7th, at the I.E.S. Hall.

Hasta Luego,

FACTS ABOUT THE JOB CORPS

Eligibility: 16 through 21 years of age, and if you are out of school and can't find a job.

About 40,000 young men and women, from all sections of America, can be enrolled in the first year, and 100,000 in the second year. The trainees will be carefully selected and adequately tested for job aptitudes and then will be assigned to courses in the field that best suits their abilities.

Centers in rural areas composed of 100 to 200 corpsmen will perform conservation work on parks, forests and natural resources. They will learn basic surveying, forest technician skills, farm skills, carpentry, masonry, equipment operation and maintenance, cooking and typing. There will be emphasis on the development of civic responsibility and wholesome attitudes.

Centers near urban areas will offer more intensive and more specialized vocational training. Among some of the skills to be taught will be office machine operator, shipping, accounting and file clerk, data processing machine operator, sales clerk, hospital orderly, cook, and counter worker, farm equipment operator, appliance and automotive repairman, meat cutter, machine tool operators and so on. Skills taught will vary from one center to the next.

The women's program will be similar to the men's. In addition to basic education, vocational training, and work experience, young women will be trained in family responsibilities. They will be taught how to establish a stable home atmosphere and to rear emotionally and physically healthy children. They will learn about managing money, caring for the home, buying food and clothing, and good health habits.

Trainees will receive a terminal allowance of $50 per month and up to $25 of this amount may be allotted to a dependent, and the government will match such allotments with an equal amount. The trainee will receive daily pocket money ($30 a month), room, board, and his clothing. The Corps will arrange for his medical and dental care.

The aims of this program is to enable youngsters to obtain and keep jobs in which they can advance, return to school, or join the military service.

The first 35 trainees in California are expected to report in at Camp Parks, in Pleasanton, in mid-April. An enrollment of 2,000 trainees by the end of the second year is anticipated.

The person in charge of the San Jose Forum Chapter participation in this program is Ernie Vasquez. Ernie seems to have his hands full at the time with translation of the material to Spanish, radio and TV spot broadcasts, newspaper coverage, and the distribution of the material throughout the city.

The Quiet Mexican-American

Andrew G. Diaz

NOTE: Because of the critical Viet Cong situation the continuation of the Governors meeting will be exposed at a latter date.

THE COMMUNIST CONSPIRACY

My dear fellow American citizenry. Before our very eyes today, we see not so much a sign of cavility tho that of stability based on infallible strength, and were does this strength come from if not from each one of our citizens. The time is now in site when we must fight to preserve the Mexican-American policy of understanding, courage, waitfulness and at the same time retain our historical pride of holding foot to our culture and heritage. We have been in the past a simple people looking only after ourselves, but I know that deep inside we all share the same allegeance and pledge our lives in defending our country and its policies. We try to progress by educating our youth, to break the chains of poverty now fiding our comrades, and to the bitterly but peacefully we debate against those so-called friends of the Mexican-American who seek fame by brain washing one with double-talk. Let me just say that many times these individuals get what they seek by playing the role that they are working for the betterment of the Mexican American people.

Yes, my fellow countrymen and citizens of America we are presently being infiltrated by left-wingers in both our social and political organizations. These individuals will do anything in the book to succeed in spreading communist propaganda, by issuing subversive pamphlets especially among the minority groups.

And my friends we are a minority group like it or not. We must remember that we Mexican-Americans have been labeled as "stool pigeons" by section organizers of pro-communists and socialistic groups this much I know and more.

And as meaningless as this may sound, it has been brought to my attention for the past several months that these infiltrators have gone to the extent of threatening our Spanish speaking professors in both our state colleges and universities. I truly admire any ordinary citizen who goes out of his daily routine to learn about communism, and what their goals are. As you know I wish to improve rather than destroy, to build rather than tear down. All I can say or do at this time is that to state 'Time is on my side' and at this moment I suggest that you write to the Christian Anti-Communist Crusade, P.O. Box 890, Long Beach, Calif., and ask for a paperback copy of "You Can Trust The Communists (to be Communists)" plus 50 cents. And as for those Communists section organizers who use every means available to achieve their goals I say only this; You are extreme radicals who have as yet not matured your, unjust and insincere, but most of all you are master of deceit.

I know that a communist does not need two to start a fight. All he needs is just to get an idea in his one-track mind and that's enough.

One short pause to set one person off in a crowd and that's it. One thing I know for sure is that when his principles come down to life or death he says the h--- with the principles and turns tail. I for one would rather be a leader with guts, than a gutless fellower like most communists and pro-communists.

As for having future debates with extreme left wingers, I would rather be debated than invaded. As for that lost soul who called me at 3:00 A.M. a few weeks ago, and asked me what type of coffin I would like, I only find these words....it is not for me to decide, and I furthermore go on to say that two persons of bad thoughts never solve a problem.

I ask myself, what can I do to help this lost, confused human being? Our government is all for debating but they can only take so much. So, Mr. Instigator, you'd better pray that a W.W. III does not explode, because if it does, YOU'RE MINE! You can accept this as either a threat or warning for to a conservative it makes no difference.

Furthermore you the instation whether you be white or black what do you know of our forefathers courage, or who put their lives on the line for freedom? We the Mexican-American youth and old alike have just begun to realize the amount of misery and blood which has been shed in quest for world domination. We Mexican-American might have loss some ground in the past century in trying to improve our lot, but we are not going to try our freedom for granted. Our forefathers fought and died to gain it and we plan to

retain it, so let us not be strangled, for one dies as surely from strangulation as a shot about the head. And for those people who knowingly belong to any organization who advocates the overthrow of our government, I would like to inform you that if your government cast the first stone we will retaliate with two stones. And as for that headless comic who only several weeks ago wrote an article in our city newspaper If you only had half the brains you'd be another Hitler. As for criticizing our chief executive and his staff on their actions in the Congo, why in the h--- don't you wake up and be realistic in your principles of judging people. And I suggest you think twice before you begin to criticize this issue.

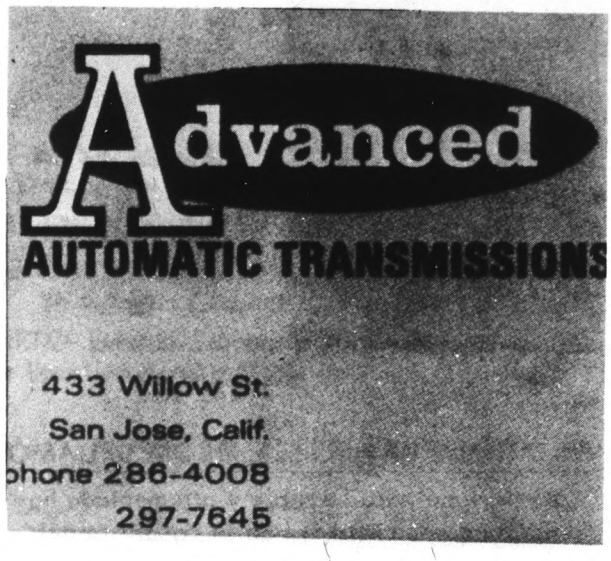

My fellow friends I am making this last appeal for you to become active in our community functions! Become members of the GI Forum, MAPA, CSO, MACSP, CIC, SCCC, NAACP, or any other organization so as to know what type of men and women run these organizations, and to find out what their line of thinking is. Many local citizens take it for granted that these organizations are on the level. If we keep thinking this way we will surely be strangled. And a word of advice to those communists or socialists in the community, you're not wanted in our organizations so quit.

As for the public let us continue to work together and consider each and everyone's problems. Let us held those who try to better themselves, and help those who need help. "Divided there is little we can do, united there is little we can not do." Sayings by our beloved J. F. K.

For those readers wondering how I feel, I have no comment other than to fully support our Chief Executive's intentions of intensive steps. We must continue to penetrate Air Strikes. And risk the possibility of WW III. The take over of South Vietnam will lead Red China into a position of major power. At present Red China and its communist leaders have a very limited nuclear power and we must risk the chance. For time is on our side Chinese Communists will be stopped and to Communist Cuba and Communist USSR we urge you to stop your military and amphibious assaults.

My fellow friends and citizens alike, I wish to see all mankind be united in thought and understanding. Let us preserve Liberty, Justice, Prosperity, Peace and Harmony. If upon any National Emergency, and at any time or place, I will continue to write and inform you the citizens of our American Society.

VALENTINES DAY, O SEA, EL DIA DEL AMOR

Por fortuna para la pobre y atormentada humanidad, que en esta era de la conquista del atomo y de los mortiferos cohetes telguiados, todavia se percibe algun arresto de romanticismo y algo de eso que hace la misera existencia humana, no solo llevadera, sino amable.

El dia de San Valentin, que corresponde al dia 14 de Febrero en nuestro calendario, posee aun, gracias a Dios, el magico poder de reavivir y hacer florecer del mas bello y legitimo de los sentimientos que anidan en el corazon humano: el AMOR.

En contraposicicion con el odio, con la calumnia, con la intriga, y con el crimen que por desgracia tanto abundan en nuestro medio ambiente, el Dia de San Valentin es a manera de un lindo y fresco oasis enmedio de las aridas y quemantes arenas del desierto que recorren los mortales a todo lo largo de su duro peregrinaje, sobre la tierra.

Uno de esos seres en los que siempre ha existido la nostalgia de amar, uno de esos seres que no conciben la vida sin amor, un amigo cuyo nombre completo no es necesario transcribir, me mostro, autorizando para reproducirla en las paginas de EL EXCENTRICO, el texto de la hermosa tarjeta que en el Valentine Day de 1963 dedico a la que hoy lleva su nombre, y que gustosamente reproduzco para mis lectores por ameritarlo los bellos conceptos que la forman.

Hela aqui:

"Amada mia:

Un ser de maravilla has sido para mi, frenesi ardiente para mi sed de amor, aliento para mife, lirica embriaguez y bello oasis a mi sed de besos y de gloria. La vida y el arte, son un inagotable tesoro de magnificencia que se derrocha a manos llenas cuando se tiene una fuente de inspiracion, una lampara, una llama de la chispa divina como eres tu.....Me has hecho hombre, y el hombre es hombre porque lleva a Dios en si mismo entendiendo a Dios como seguridad, como aliento y como ESPERANZA: y yo he encontrado a Dios a traves de tu cariño, y en mi adoracion por ti hay algun destello de mi adoracion por este Dios que es todo AMOR. Ha formado del santuario de nuestro hogar y del mundo mismo, la majestuosa catedral pura y grande como el bosque, donde tu, pequeña violeta daras tu suave perfume y reinaras eternamente y enmendaras mis yerros y alentaras mis aciertos, ya que tu, con tu bondad y con tu sinceridad haz sido elegida por mi corazon, y cuentas con la divina proteccion del Hombre Dios, Flor de la Humanidad que lloro y sudo sangra por nosotros, y que por nosotros se quedo clavado en una Cruz. Yo te consagrare mi vida como una perpetua profesion de fe, de mi gran fe en ti y esto habra de proyectarse sobre nuestros destinos como un simbolo de pureza, de amor al trabajo, de verticalidad y de honradez profesional, de lo mejor y mas selecto que para ti atesora el alma de quien sera eternamente tuyo.

San Juan Teotihuacan

SAN JUAN TEOTIHUACAN

Durante mucho tiempo el sol se habia alejado de Teotihuacan lugar donde los dioses se reunian para organizar el Universo y al mismo tiempo - celebrar la festividad de NANAHUATL.

La lluvia hacia aun mas triste el ambiente Era imposible - subsistir sin el Padre Sol, por eso los demas Dioses acordaron celebrar una -- reunion. Prepararon la ceremonia del fuego encendiendo una gran hoguera en la - plaza mayor del Valle de Teotihuacan; tan grande era que alumbraba a varios kilometros a la redonda. Durante varias horas los sacerdotes estuvieron orando; de pronto uno de los sacerdotes lanzo un reto un tanto cuanto malvado.

"Aquel de vosotros que se lance a la hoguera merecera la apotesis de nuestro pueblo, porque de sus cenizas resugira el Sol que hasta ahora alumbraba nuestros caminos y calentaba nuestras cosechas."

Los candidatos escacearon, y no era para menos. Sin embargo el principe NANAHUATL despues de pensarlo un poco se arrojo el primero a la hoguera, y de sus cenizas surgio el Sol. Al ver el ejemplo de este principe tambien se arrojo TECUCIZTECATL; de sus cenizas surgio la Luna. Tras ellos fueron arrojados una aguila y un jaguar pa que les acompañaron en su viaje eterno.

Pero el Sol y la Luna tenian el mismo brillo de oro; entonces uno de los dioses con un conejo, golpeo en la cara a TECUCIZTECATL, opacando su resplandor que de oro se transformo en plata.

Complacidos los dioses con estos sacrificios, el sol volvio a brillar y a derramar sus beneficios sobre la tierra y las gentes de TEOTIHUACAN levantaron a sus heroes dos fantasticos monumentos: La Piramide de El Sol y la Piramide de La Luna.

La Piramide del sol mide en su base 215 metros y tiene una altura de 65 metros. Construida toda a base de adobes recubiertos con piedra volcanica, consta de 5 cuerpos en forma de piramide truncada, cuyas cuerpos van disminuyendo en tamaño formando pasillos o terrazas entre cada uno de ellos. Esta protegida ademas por una capa de aplanado semejante al cemento. En lo alto se encontraba un adoratorio dedicado a TENACATECUTLI, dios del sol y del calor y de la abundancia coronado este adoratorio con una estatua monolitica adornada con un pectoral de oro, que brillaba al ser tocado por los rayos del sol. La decoracion de esta piramide esta formada por figures alegoricas predominando en ella el color rojo.

Cercana a la anterior se encuentra la Piramide de la Luna, formada tambien por secciones piramidales; es menor en tamayo que la del Sol, pero no por eso menos majestuosa. Mide 42 metros de altura sobre una base cuadrangular de 120 por 150 metros.

Pero no solo estas dos piramides existen en Teotihuacan, entre las del Sol y de la Luna destaca el templo a Quetzalcoatl cuya forma es la de un gran estadio rodeado de muros bajos que aun conservan vasamentos de templos ya desaparecidos. Tiene cuatro altares o plataformas en los lados Norte Sur y Oeste y unicamente tres en el Este. Estos altares servian para que los sacerdotes o los mandatorios pudieran presenciar las ceremonias. Bajando una escalinata y casi en el centro de la plazoleta se encuentra un altar que tiene cuatro escaleras con trece escalones cada una y que hacen un total de 52 escalones representando el ciclo de 52 años que tenian los aztecas, mayas, zapotecas y demas pueblos prehispanicos. En este altar se supone se verificaban diversos sacrificios, entre ellos la solemne ceremonia del Fuego Nuevo, del que ya hemos hablado anteriormente.

A unos 25 kilometros de la ciudad de Mexico, D. F., se llega a estas piramides por moderna autopista.

AMIGOS ANONIMOS

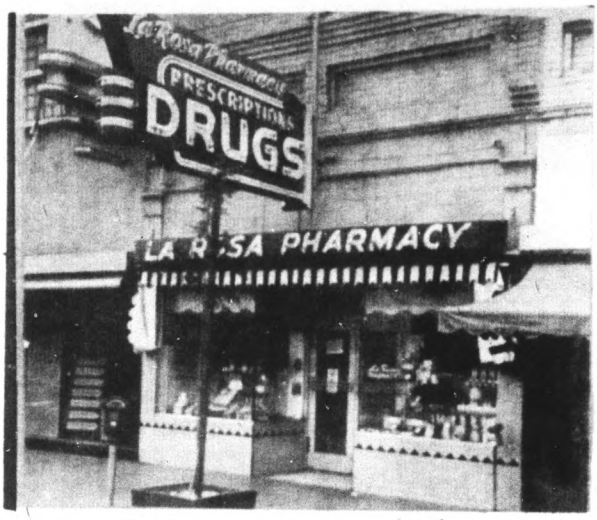

Hace algunos dias recibi invitacion para asistir a una reunion de personas que ha formado un group, este grupo lleva por nombre AMIGOS ANONIMOS.

Me entere en esa reunion que desde varios años estos jovenes de ambos sexos, hacen viajes a diferentes poblados de los Estados de la Republica Mexicana, con el objeto de prestar su ayuda a esos apartados lugares que siempre necesitan de una mano amiga que sume su esfuerzo con el de ellos, para lograr algunas mejoras.

En la serie de fotografias que proyectaron en una pantalla, pude enterarme que estos jovenes Amigos Anonimos han ayudado a techar alguna escuela, hicieron zanjas para colocar tuberias que llevan el agua de un lugar a otro, construyeron letrinas en los lugares donde no las habia y eran muy necesarias, tambien manejaron las brochas para pintar algun edificio que mejoro mucho en su aspecto. Todos estos y otros beneficios han llevado a cabo por su propio esfuerzo; pero dentro de todo esto que abarca solo trabajo material, se puede apreciar que hay otra labor meritoria en alto grado desarrollada por este grupo y esta es el acercameinto espiritual entre las juventudes de los dos pueblos.

Se han establecido un intercambio de jovenes que vienen a este pais, para enterarse del progreso y del grado de adelanto que ha alcanzado esta gran nacion. Los que van de aqui para alla, conocen mejor a sus vecinos, se enteran de su civilisacion y de su historia, palpando a la vez la ruta de progreso que se ha trazado este gran pueblo vecino y que paso a paso esta logrando alcanzar.

No hay barrera del idioma, para evitarla se ha establecido un rapido curso que capacita a estos jovenes, para entender la lengua de los otros, si no en toda su amplitud lo suficiente para darse a entender, aunque entre ellos hay quienes dominan los dos idiomas. Grupos de esta naturaleza son los que verdaderamente estrechan las relaciones de los pueblos y los que afianzan una amistad no regida por ningun protocolo.

CONFIRMACION

En la tarde del Domingo 28 de Febrero del presente año de 1965, estara entre nosotros en la Santa Iglesia Catolica de Nuestra Señora de Rosario, cito en 703 C Street en Union City, California, el honorable y excelentisimo Señor Obispo, Begin, quien solemnemente confirmara ninos, jovenes y adultos dandoles el segundo sacramento que es la "confirmacion."

Para que su creencia en Dios Padre, Todopoderoso sea como un deber sagrado, de todo buen creyente poseido de la fe. Porque Dios ayuda a todos sus hijos, con el cuidado necesario para ganar la Gloria Eterna.

GUARDIAS INUTILES

Ya anochecio: ?Quieres que hablemos, Lucia,
Aqui de solas los dos?
La que es buena, señor, nunca esta sola,
Pues esta con su madre o esta con Dios.

Lucia, ?Es verdad que un dia os encontraron
Solos alli a los dos?
Eso es porque aquel dia se quedaron
Mi madre en casa y en cielo Dios.

PERMANENT ANTI-POVERTY EXECUTIVE APPOINTED

Santa Clara County's anti-poverty program has its first permanent executive. Mr. Arthur W. Potts, currently serving as organizer and administrator with the Economic Opportunity Federation of Los Angeles County, has won out over 111 other applicants for the new job of Executive Director, Santa Clara County Economic Opportunity Commission.

A seasoned veteran of many high-level executive posts in government and community service, the 57-year old Potts is expected to start work full-time in the next few weeks. An initial $22,000 in anti-poverty funds to operate the local program for four months should be approved in Washington shortly, enabling the new executive to move up from Los Angeles.
